There are now many introductory courses in aquaculture given at colleges and universities, but there is a lack of appropriate general textbooks for such courses. This book aims to fill this gap by providing a broad and readable overview of the subject. The focus is on aquatic animal production, mainly of finfish and shellfish, but aquatic plants are also mentioned.

Aquaculture: An Introductory Text - Robert R. Stickney ...

Great introductory text on aquaculture. Goes into extensive detail on semi-intensive (ponds) and intensive (raceways and tanks) aquaculture, with a heavy emphasis on farmed species.
