When a simple round of truth or dare spins out of control, three girls find it's no longer a party game -- it's do or die. It all started on a whim: The game was a way for Tenley Reed to reclaim her popularity, a chance for perfect Caitlin "Angel" Thomas to prove she's more than her Harvard application. Loner Sydney Morgan wasn't even there; she was hiding behind her camera, as usual. But when all three start receiving mysterious dares long after the party has ended, they're forced to play along -- or

risk exposing their darkest secrets. How far will Tenley, Caitlin, and Sydney go to keep the truth from surfacing? And who's behind this twisted game? Set against the backdrop of Echo Bay, an isolated beach town haunted by misfortune, *Truth or Dare* is a highly charged debut that will keep readers in suspense from beginning to end.

In the following weeks, Echo slips back and forth in time. She visits a Métis camp, travels the old fur-trade routes, and experiences the perilous and bygone era of the Pemmican Wars. Pemmican Wars is the first graphic novel in a new series, *A Girl Called Echo*, by Governor General Award-winning writer, and author of Highwater Press' *The Seven Teaching Stories*, Katherena Vermette.

“A trippy domestic thriller which takes the extramarital affair trope in some intriguingly weird new directions.” – Entertainment Weekly I’m embarrassed, still, by how long it took me to notice. Everything was right there in the open, right there in front of me, but it still took me so long to see the person I had married. It took me so long to hate him. Martine is a genetically cloned replica made from Evelyn Caldwell’s award-winning research. She’s patient and gentle and obedient. She’s everything Evelyn swore she’d never be. And she’s having an

Music is her constant companion, along with Felix, her deaf best friend who couldn't care less whether or not she can speak. But Portia's silence is about to be broken with the abrupt discovery of her voice, unparalleled in its purity and the power it affords to control those around her. Able to persuade, seduce and destroy using only her voice, Portia embarks on a search for answers about who she really is, and what she is destined to do.

We were best friends at ten. Lovers at sixteen. Going to be married at nineteen. Until she woke up one day and couldn't remember me. Leaving the small town was easy. Leaving her was my only regret. Ten years later, with a resume that said I had the

perfect kill shot, I landed a job at a security firm. Finding my way in the civilian life, I never thought it would be her I would find. She still owned my heart. She still looked at me like I was a stranger. I wasn't leaving her again. This time, we were playing by my rules. I'd been given a second chance to right my wrongs and I was going to start by claiming what was mine. We were lovers at twenty-eight. Getting married at twenty-nine. Until she woke up and remembered me.
