Print Edition: \$49.95 - Books on BPM, Workflow, Case ... Empowering Knowledge Workers With Data. Organizations that rely solely on the IT department or analytics team to fulfill queries around analytics are likely to be dissatisfied with the results, says Alan Jacobson, the Chief Data and Analytics Officer (CDAO) at data science and analytics firm Alteryx. In an interview with CDOTrends, Jacobson cited a Harvard Business Review study which found that not a single organization that adopted such a model expressed satisfaction with the results.

Empowering Knowledge Workers With Data | CDOTrends Forbes published my article this week on how knowledge workers are being empowered and equipped by emerging technologies. Originally published here . Rapid advances in technology have changed — and continue to change, often with unpredictable results — the way workers and industries function.

## Knowledge Workers Need to Be Empowered by Emerging Technology

Empowerment in the Workplace Empowerment is feeling in control of your work environment and that you have permission to make decisions in the areas you control and are responsible for in your job. When thinking about empowerment in human relations terms, try to avoid thinking

of it as something that one individual does for another.

How to Empower Your Employees - The Balance Careers  
Papyrus ACM is designed as an empowerment technology for organizations to selectively and securely empower non-technical knowledge workers to interact with all process artifacts in real time and create processes with any sequence and structure interactively, on the fly. Effectiveness and transparency are achieved by linking customers and process performers in the context of the business process.

ISIS Papyrus - Business Apps - Adaptive Case Management  
The double whammy for knowledge workers is that at the same time as losing their hegemony of knowledge, they have become remote from the trappings that come with being in the office. The corollary is that the digital connections accelerated into use by lockdown are empowering frontline workers.

Taking the office out of office politics is empowering ...  
Empowerment ED is a free monthly webinar series to train service providers, caseworkers, other professionals who work with people with disabilities to better understand and address the unique financial situations of people with disabilities.
