This Third Edition to Peter Block's Flawless Consulting addresses business changes and new challenges since the second edition was written ten years ago. It tackles the challenges next-generation consultants face, including more guidance on how to ask better questions, dealing with difficult clients, working in an increasingly virtual world, how to cope with complexities in international consulting, case studies, and guidelines on implementation. Also included are illustrative examples and exercises to help you cement the guides offered.

Don't venture into the consulting field without this essential Fieldbook & Companion! Following on the heels of the best-selling Flawless Consulting, Second Edition comes The Flawless Consulting Fieldbook and Companion. Whether you work as a consultant or you work with consultants, this relentlessly practical guide will be your best friend as you discover how consulting influences your business- and real life- decisions and those of others. The Flawless Consulting Fieldbook and Companion is packed with: Sample scenarios Case studies Client-consultant dialogues Hands-on tools Action plans Implementation checklists "Wow! A companion a business owner can't be without! The insights of 30 consultants the caliber of Peter Block is priceless." --Sue Mosby, principal, CDFM2 Architecture Inc. "This book is a companion piece for both the desktop and bedside of those who do consulting full time or in their role as leader. I plan to keep this book close to me to both guide and inspire my work." --Phil Harkins, president, Linkage, Inc.

The need for consultation and evaluation among nonprofits and government agencies has soared in recent years, as funders have demanded accountability and agencies are ill-equipped to provide the types of data-based information needed. Consulting and Evaluation with Nonprofit and Community-Based Organizations fills a critical gap in the academic literature for nonprofit management. This unique text is a collection of advice and voices from a diverse group of successful, practicing consultants who work with nonprofits and government agencies. Through surveys and interviews, these experts relate detailed information on how they got started in consulting, what types of services they provide, what types of clients they serve, the biggest challenges they face, and much more. The book also integrates current topics from a wide variety of sources so that interested readers can easily access important information all in one book. Book jacket.

The Unbeatable, Updated, Comprehensive Guidebook For First-Time Consultants Getting Started In Consulting More people than ever are making the jump from corporate offices to home offices, taking control of their futures, being their own bosses, and starting their own consultancies. Consulting is a bigger business than ever and growing every day. For almost a decade, Alan Weiss's Getting Started in Consulting has been an indispensable resource for anyone who wants to strike out on his own and start a new consulting business. It provides a rich source of expert advice and practical guidance, and it shows you how you can combine low overhead and a high degree of organization to add up to a six- or even seven-figure income. You'll learn everything you need to know about financing your business, marketing your services, writing winning proposals, meeting legal requirements, setting fees, keeping the books, and much more. This new Third Edition of Getting Started in Consulting is more comprehensive, up to date, and practical than ever. In addition to the nuts-and-bolts basics, you'll also get a wealth of new information and resources: How to leverage new technologies to lower your business costs and increase your profits A budget sampler that shows you how best to maximize an initial start-up investment of \$5,000, \$10,000, or \$20,000 Free downloadable tools and forms to help you design and start your business quickly and easily New interviews with consultants who achieved rapid success, including their personal stories and most effective techniques Brand-new references, examples, and appendices If

your dream in life is to get out of the office and out on your own, consulting is a great way to make it happen. Make sure you do it right—and do it profitably—with *Getting Started in Consulting, Third Edition*.

This book provides a thorough examination of a variety of specialties within the broad range of management consulting. A book of such scope and depth could only be written by a large number of experts, each from one of the many specialties related to management consulting. Together, all 27 contributors take the reader through an industry that is currently undergoing significant change. While covering all the major practice areas of consulting, the book also offers new insights into change processes and addresses compelling management issues now facing consulting firms.

Consultants work in all fields. They operate from offices and from home, work for investment firms and as personal trainers, or have expertise as accountants and wedding planners. The independence, flexibility, and potential income it brings make for an exciting and satisfying career. And it's an increasingly popular one for highly skilled, motivated professionals who've been laid off in this unstable economy. This guide features tips and tricks to help beat the competition, including how to: Set—and keep—personal and financial goals Organize important paperwork Price and market specific services Create advertising and publicity plans Grow a business, from finding a partner to managing employees Minimize and eliminate business risks Consultants are paid well for their advice—if they know how to operate a successful business. With advice from experts in a variety of areas, this valuable guide helps you create the business of your dreams!

Consulting in Complex and Changing Times Organizations face challenges today that are too messy and complicated for consultants to simply play doctor: run a few tests, offer a neat diagnosis of the “problem,” and recommend a solution. Edgar Schein argues that consultants have to jettison the old idea of professional distance and work with their clients in a more personal way, emphasizing authentic openness, curiosity, and humility. Schein draws deeply on his own decades of experience, offering over two dozen case studies that illuminate each stage of this humble consulting process. Just as he did with *Process Consultation* nearly fifty years ago, Schein has once again revolutionized the field, enabling consultants to be more genuinely helpful and vastly more effective.

The second edition of the "consultant's bible" is here! For over fifteen years, consultants--both internal and external--have relied on Peter Block's landmark bestseller, *Flawless Consulting*, to learn how to deal effectively with clients, peers, and others. Using illustrative examples, case studies, and exercises, the author, one of the most important and well known in his field, offers his legendary warmth and insight throughout this much-awaited second edition. Anyone who must communicate in a professional context--and who doesn't?--will use the lessons taught in this book for years to come! "Who would have thought the 'consultant's bible' could be improved upon? Count on Peter Block--the consulting profession's very own revolutionary--to push us to confront and struggle with the paradoxes inherent in our work." --Candace Thompson, organization development consultant, First Chicago NBD--A Bank One Company "Block has distilled years of experience into a wise, down-to-earth, and eminently practical guide to excellence in consulting. If you are new to the practice, *Flawless Consulting* will chop years off your learning cycle. And even if you're an old pro, Block's insights will elevate you to new levels of effectiveness. *Flawless Consulting* is not simply about becoming a better consultant; it is about using consulting as a path toward becoming a
