perspectives – not least those of a hiring manager and a job seeker. He's spent nearly 30 years in the industry – in agencies, in large corporates and as a recruitment copywriter. His blogging style has been described as “three cords and the truth” – partly because each blog generally takes less than a couple of minutes to read and partly because of the unapologetic sarcasm (or wit if you're feeling generous) he uses to deliver this honesty. This book is a collection of some of the 160 blogs he's written on recruitment, covering areas of the industry as diverse as

sourcing and acquiring talent are changing rapidly. This book chronicles one organization's journey as it goes about re-orienting the focus of its talent acquisition capability from the current reactive process to a strategic and proactive program capable of consistently sourcing and recruiting the very best people available. Forward-looking companies are seizing this opportunity to create a true competitive advantage in talent sourcing and acquisition. They are focusing on fine-tuning the fundamentals, while devoting increased time and planning to the more strategic areas

of talent acquisition, including workforce planning and strategic sourcing. Their best-in-class approaches elevate recruitment from a transactional, short-term focused activity to a strategic, integrated, long-term approach that optimizes their investments in people. This book articulates both the challenges and the response options that confront organizations as they compete for talent in this fast-changing business climate. The initial sections here provide a macro view on the changing work landscape and how recent trends and
