Live Through This is a revolutionary, powerful, and potentially life-saving book. It's not just that editor Sabrina Chapadjiev has collected the work of some of the most creative female artists and writers, but that they in turn bravely take us behind the scenes to moments often before they became the bold-faced names they are today and share their darkest times and coping mechanisms.

## Live Through This Quotes by Sabrina Chapadjiev

Creativity isn't boosted overnight, but original ideas can be cultivated through innovation-boosting habits and hard work. The science of creativity suggests some choices can dampen creative thinking. While several things can help boost creative expression, other factors of everyday life can simultaneously pull those creativity levels down.

## The Science of Creativity: What Happens In Your Brain When ...

But, we should still engage in a creative life -- because we might live longer. In another study , researchers examined the data of 1,000 elderly men over a nearly 20-year period.
