A spin-off trilogy featuring the adventures of David Rice and the crew of the Red Falcon following the events of Starship's Mage and the subsequent interest the mob, the Legatans, and the Protectorate all have in him, much to his own chagrin. Interstellar Mage (2017) Mage-Provocateur (2018) Agents of Mars (2018)

Mars destroyed his ship -- but gave him a new one. Mars drafted his Mage -- for the good of humanity! He should have known that wouldn't be the end of it... Captain David Rice has a new ship, a new crew, and a new set of Jump Mages to carry him between the stars. All he wants is to haul cargo, make money and keep his head down. His past, however, is not so willing to let him go. An old enemy is reaching out from beyond the grave to destroy any chance of peace or life for Captain Rice--and old friends are only making things more complicated! All he wants is to be a businessman, but as the death toll mounts he must decide what is more important: his quiet life or the peace humanity has enjoyed for centuries...

Vengeance hunts them. Rebellion seeks them. Loyalty commands them. The shadows will fear them. Captain David Rice and Mage Maria Soprano have made their choice, signing up with the Martian Interstellar Security Agency and converting Red Falcon into a covert operations ship for the Protectorate. Their new duties drag them back into the very underworld they once strove to escape, intentionally provoking the Azure Legacy into a renewed conflict. They find unexpected allies with secret agents from Legatus's rebellion against Mars as they seek to stop Mikhail Azure's Blue Star Syndicate from being reborn. The Azure Legacy wants revenge. Legatus wants blood. David and Maria are bound by the overriding duty of all officers of the Mage-King's Protectorate: Protect the innocent.

In a galaxy tied together by the magic of the elite Jump Magi, Damien Montgomery is a newly graduated member of their number. With no family or connections to find a ship, he is forced to service on an interstellar freighter known to be hunted by pirates. When he takes drastic action to save the Blue Jay from their pursuers, he sets in motion a sequence of events beyond his control -- and attracts enemies on both sides of the law! Starship's Mage was originally released as five separate episodes.

Some soldiers are the shields of innocent souls Others are the fanatics of their cause And for them...no war is ever truly over! Tempered on the anvil of the war against the secessionist UnArcana Worlds and tested against the evil of Project Orpheus, Mage-Commander Roslyn Chambers has risen through the ranks of the Royal Martian Navy to serve as second-in-command of one of their most prestigious battlecruisers, Duke of Magnificence. A desperate call for help sends Roslyn and her new ship deep into the frontiers of Protectorate space, where they discover that hold-outs of the UnArcana Worlds' fleets have returned to plunder innocent ships across the Fringe. To protect the innocent and serve her Queen, Roslyn Chambers must rise to the task before her. She must learn to command-both herself and a warship of the Mage-Queen of Mars!

Charity Wiser, matriarch of the Wiser clan by virtue of her wealth and power, is an indomitable provocateur ... and private detective Russell Quant's newest employer. There is more than a single rotten apple on the Wiser family tree, and Quant has been hired to discover which one is intent on murdering his client. To help him sleuth out the evil culprit, Charity Wiser arranges a family reunion aboard the opulent Friends of Dorothy cruise liner as it tours the most exotic ports of the Mediterranean. But smooth sailing is short-lived as undercurrents of clashes - local and tourist, gay and straight, trendy and traditional - offer Russell insight into the Wisers and reveal a family simmering with rage and greed. He begins to wonder: who doesn't want Charity Wiser dead? Shifting from his prairie stomping ground to a sea undulating with death, Quant's smarts, senses and sea legs are challenged. From tantalizing tapas and sweet sangria in Spain to the bitter taste of death in Sicily, Quant goes head to head with friends and foes in a series of unforgettable locales. Come aboard a sensual journey of sun and sea brine, caviar and champagne on a cruise replete with the luxury of murder.

A humanitarian mission into unfriendly stars A training cruise under the watch of a fortified fleet base The closing jaws of a trap years in the making

ROGUE MAGE TURNED INTERPLANETARY ENVOY Three years ago, as Ship's Mage of the starship Blue Jay, Damien Montgomery was pursued to the edge of human space by both the agents and enemies of the Mage-King of Mars -- before being brought in from the cold. Now, trained in new skills by the Mage-King himself, Damien has been sent to the planet Ardennes alongside Alaura Stealey, Hand of the King. A rebel movement there has destroyed cities fighting a Governor seemingly lost to corruption. But not all on Ardennes is as it seems. As allies becomes enemies and an entire world comes apart in chaos around him, Damien will find both his skills and integrity tested to the utter limit.

YOU CAN NEVER GO HOME When accusations of piracy and mass murder are laid against his homeworld, Damien Montgomery is sent to resolve the crisis. As counter-accusations fly and an old flame re-enters his life, the newest Hand of the Mage-King of Mars finds himself in the midst of a bloody interstellar shadow war. With the death toll mounting, Damien must decide whether he should trust the world he came from - or the world that asked for his help. The wrong choice will trigger a civil war that could shatter human civilization. No pressure. Voice of Mars is book 3 of the Starship's Mage series.

A shackled Earth, ruled by an unstoppable tyrant An exiled son, and a one-way trip across the galaxy A perfect world, their last hope for survival Vice Admiral Isaac Gallant is the heir apparent to the First Admiral, the dictator of the Confederacy of Humanity. Unwilling to let his mother's tyranny stand, he joins the rebellion and leads his ships into war against the might of his own nation. Betrayal and failure, however, see Isaac Gallant and his allies captured. Rather than execute her only son, the First Admiral instead decides to exile them, flinging four million dissidents and rebels through a one-shot wormhole to the other end of the galaxy. There, Isaac finds himself forced to keep order and peace as they seek out a new home without becoming the very dictator he fought against--and when that new home turns out to be too perfect to be true, he and his fellow exiles must decide how hard they are prepared to fight for paradise...against the very people who built it.

A shuttle accident claims the lives of the Mage-King of Mars and his heir. The Crown and the Mountain fall to the Mage-King's daughter. Even as they get a handle on the list Kiera's father left them, Damien is grimly certain of one thing: when it comes to the deaths of Kings, he doesn't believe in accidents.
