The first graphic history of sex chronicles sexuality and human intimacy through the ages, from our primate pasts to our robotic futures. Humans have had sex on the brain since pre-civilization either for pleasure, power, revenge, a desire for children, or simply because it isn't allowed. Today, sex is all around us but it's rarely explained and almost never taught. In The Story of Sex, sexologist Phillipe Brenot combines anthropology, sociology, psychology and history with witty comics by Latetita Coryn for an in-depth explanation of this essential aspect of humanity. Organized chronologically into sections like Babylon: Free Love, The Middle Ages: Heaven and Hell, and The 20th Century: Sexual Liberation, Brenot explores what eroticism really is, how our ancestors behaved sexually, when the first couple was established, how superstition and morality laws shaped sexuality, the use of pornography in the digital age, and how some ancient civilizations were far ahead of their time when it came to gender equality. Full of fascinating details like Cleopatra's invention of the vibrator and a Dutch shopkeeper's accidental discovery of the existence of sperm--all accompanied by hilarious comics and dialogue--The Story of Sex is informative, unique, and entertaining book.

A riveting work of historical detection revealing that the origin of Wonder Woman, one of the world's most iconic superheroes, hides within it a fascinating family story--and a crucial history of twentieth-century feminism Harvard historian and New Yorker staff writer Jill Lepore has uncovered an astonishing trove of documents, including the never-before-seen private papers of William Moulton Marston, Wonder Woman's creator. Beginning in his undergraduate years at Harvard, Marston was influenced by early suffragists and feminists, starting with Emmeline Pankhurst, who was banned from speaking on campus in 1911, when Marston was a freshman. In the 1920s, Marston and his wife, Sadie Elizabeth Holloway, brought into their home Olive Byrne, the niece of Margaret Sanger, one of the most influential feminists of the twentieth century. The Marston family story is a tale of drama, intrigue, and irony. In the 1930s, Marston and Byrne wrote a regular column for Family Circle celebrating conventional family life, even as they themselves pursued lives of extraordinary nonconformity. Marston, internationally known as an expert on truth--he invented the lie detector test--lived a life of secrets, only to spill them on the pages of Wonder Woman. The Secret History of Wonder Woman is a tour de force of intellectual and cultural history. Wonder Woman, Lepore argues, is the missing link in the history of the struggle for

women's rights--a chain of events that begins with the women's suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later. This edition includes a new afterword with fresh revelations based on never before seen letters and photographs from the Marston family's papers. With 161 illustrations and 16 pages in full color

Sex is everywhere, yet how many of us truly understand it? Our attitudes to sex and sexuality are forever in flux. Driven by pleasure, power, revenge, a desire for children or simply because it isn't allowed, humans have had sex on the brain since pre-civilization. But what do we really know? In *The Story of Sex*, we discover the truth, including: what eroticism really is, when the first couple was established, what phallic festivals were all about, when chastity belts were used and how some ancient civilizations were far ahead of their time when it came to gender equality. The first graphic novel of its kind, *The Story of Sex* brilliantly and humorously uncovers the most fascinating details of our sexual ancestry, and foretells a future of virtual gratification.

Traces the history of racial caricature and the ways that Black cartoonists have turned this visual grammar on its head. Revealing the long aesthetic tradition of African American cartoonists who have made use of racist caricature as a black diasporic art practice, Rebecca Wanzo demonstrates how these artists have resisted histories of visual imperialism and their legacies. Moving beyond binaries of positive and negative representation, many black cartoonists have used caricatures to criticize constructions of ideal citizenship in the United States, as well as the alienation of African Americans from such imaginaries. *The Content of Our Caricature* urges readers to recognize how the wide circulation of comic and cartoon art contributes to a common language of both national belonging and exclusion in the United States. Historically, white artists have rendered white caricatures as virtuous representations of American identity, while their caricatures of African Americans are excluded from these kinds of idealized discourses. Employing a rich illustration program of color and black-and-white reproductions, Wanzo explores the works of artists such as Sam Milai, Larry Fuller, Richard "Grass" Green, Brumsic Brandon Jr., Jennifer Cruté, Aaron McGruder, Kyle Baker, Ollie Harrington, and George Herriman, all of whom negotiate and navigate this troublesome history of caricature. *The Content of Our Caricature* arrives at a gateway to understanding how a visual grammar of citizenship, and hence American identity itself, has been constructed.

with art by over 30 of Carnal's best artists. A behind the scenes look at the history of one of the longest running x-rated comic publishers in the biz! Full of unpublished Carnal & Demi art, pages of never-before-seen photos of porn stars Jill Kelly, Christi Lake, Annabel Chong, Minka, Sarah Jane-Hamilton & others. A complete history of Carnal, including the unsolved murder of Carnal's 1st publisher, Todd Loren. A must - have book for anyone interested in adult comics or the porno industry. 56 pages,

A SEX COMEDY FOR COMICS Suzie's a normal girl with an extraordinary ability: when she has sex, she stops time. One night she meets John... who has the same gift. And so they do what any other sex-having, time-stopping, couple would do: they rob banks. In the vein of *THE 40-YEAR OLD VIRGIN* and *BRIDESMAIDS*, Image Comics invites you to come along with MATT FRACTION (Hawkeye, SATELLITE SAM) and CHIP ZDARSKY (Prison Funnies, Monster Cops) for the series that puts the "comic" back in "comics" and the "sexy" back in "sex crimes."

"This is a sex-positive gulp of fresh air." - Publishers Weekly Erika and Matthew are here to talk about bodies and sexual health! Have you ever wanted to learn exactly how pregnancy works? How about what to expect at your next doctor's visit? Or even just really understanding what's "down there"? Erika and Matthew are ready to help out with their second book in the *Drawn to Sex* series. Utilizing their many years of experience and the input of some amazing guest experts, they've jam-packed this book with funny, sex-positive, inclusive, judgment-free comics all about your body and its sexual health. They explore the details of reproductive health, from STIs to anatomy, abortion to pregnancy, and as many other topics they could fit in! Pick up this fun book if you're looking to improve upon your initial sex education, or need a book to help someone new along. This is a great introduction to your body and health, and an approachable resource to learn more about yourself!

This book, the first retrospective of Hayes' career ever published, features the best of his underground comics output alongside paintings, covers, and artifacts rarely seen by human eyes—as well as astounding, previously unprinted comics from his teenage years and movie posters for his numerous homemade films. *The Comics and Art of Rory Hayes* also serves as a biography and critique with a memoir of growing up with Rory by his brother, the illustrator Geoffrey Hayes, and a career-spanning essay by Edward Pouncey. Also included is a rare interview with Hayes himself. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}

In the land that time forgot, 1960s and 1970s America (Amerika to some), there once were some bold, forthright, thoroughly unashamed social commentators who said things that "couldn't be said" and showed things that "couldn't be shown." They were outrageous — hunted, pursued, hounded, arrested, busted, and looked down on by just about everyone in the mass media who deigned to notice them at all. They were cartoonists — underground cartoonists. And they were some of the cleverest, most interesting social commentators of their time, as well as some of the very best artists, whose work has influenced the visual arts right up until today. *A History of Underground Comics* is their story — told in their own art, in their own words, with connecting commentary and analysis by one of the very few media people who took them seriously from the start and detailed their worries, concerns and attitudes in broadcast media and, in this book, in print. Author, Mark James Estren knew the artists, lived with and among them, analyzed their work, talked extensively with them, received numerous letters and original drawings from them — and it's all in *A History of Underground Comics*. What Robert Crumb really thinks of himself and his neuroses...how Gilbert Shelton feels about *Wonder Wart-Hog* and the *Fabulous Furry Freak Brothers*...how Bill Griffith handled the early development of *Zippy the Pinhead*...where Art Spiegelman's ideas for his Pulitzer-prize-winning *Maus* had their origins...and much, much more. Who influenced these hold-nothing-sacred cartoonists? Those earlier artists are here, too. Harvey Kurtzman — famed *Mad* editor and an extensive contributor to *A History of Underground Comics*. Will Eisner of *The Spirit* — in his own words and drawings. From the bizarre productions of long-ago, nearly forgotten comic-strip artists, such as Gustave Verbeek (who created 12-panel strips in six panels: you read

them one way, then turned them upside down and read them that way), to modern but conventional masters of cartooning, they're all here — all talking to the author and the reader — and all drawing, drawing, drawing. The underground cartoonists drew everything, from over-the-top sex (a whole chapter here) to political commentary far beyond anything in Doonesbury (that is here, too) to analyses of women's issues and a host of societal concerns. From the gorgeously detailed to the primitive and childlike, these artists redefined comics and cartooning, not only for their generation but also for later cartoonists. In *A History of Underground Comics*, you read and see it all just as it happened, through the words and drawings of the people who made it happen. And what "it" did they make happen? They raised consciousness, sure, but they also reflected a raised consciousness — and got slapped down more than once as a result. The notorious obscenity trial of *Zap #4* is told here in words, testimony and illustrations, including the exact drawings judged obscene by the court. Community standards may have been offended then — quite intentionally. Readers can judge whether they would be offended now. And with all their serious concerns, their pointed social comment, the undergrounds were fun, in a way that hidebound conventional comics had not been for decades. Demons and bikers, funny "animals" and Walt Disney parodies, characters whose anatomy could never be and ones who are utterly recognizable, all come together in strange, peculiar, bizarre, and sometimes unexpectedly affecting and even beautiful art that has never since been duplicated — despite its tremendous influence on later cartoonists. It's all here in *A History of Underground Comics*, told by an expert observer who weaves together the art and words of the cartoonists themselves into a portrait of a time that seems to belong to the past but that is really as up-to-date as today's head!
