Synopsis. Written by a renowned composer whose works have been performed by major orchestras around the world, The Study of Orchestration is the only text that explores the characteristics of orchestral instruments and shows students how a master composer approaches orchestration. The fourth edition invites students to experience the instruments through online audio and video recordings and now offers more coverage of writing for band.

The study of Orchestration CDs. Hello everyone! I am planning on finally diving into Samuel Adler's The Study of Orchestration. I have the 3rd edition and I have the workbook, but I don't own the CDs. And when I look for it online it seems like they don't sell the them anymore. The only copy I can find on sale is for 10 000\$ on amazon and that is just a liiiittle bit pricey for the discs.
