Taiko Boom: Japanese Drumming in Place and Motion (Asia ...

The presence of the Asano Taiko Corporation, the members of Taiko Ikari, and the taiko makers of Naniwa Ward in Osaka at the heart of one of Japan's most vibrant performing arts provides as much evidence of their long commitment to drum making as the surge in the popularity of taiko drumming called the "taiko boom." This new popularity of Japanese drumming, though not actually stimulated by the burakumin, has enabled members of this formerly marginalized occupational caste to reappropriate ...

Taiko Boom Japanese Drumming in Place and Motion

Based on ethnographic fieldwork conducted among taiko groups in Japan, Taiko Boom explores the origins of taiko in the early postwar period and its popularization over the following decades of rapid economic growth in Japan's cities and countryside. Building on the insights of globalization studies, the book argues that taiko developed within and has come to express new forms of communal association in a Japan increasingly engaged with global cultural flows.

In Japanese, the term refers to any kind of drum, but outside Japan, it is used specifically to refer to any of the various Japanese drums called wadaiko (???, "Japanese drums") and to the form of ensemble taiko drumming more specifically called kumi-daiko (???, "set of drums"). The process of constructing taiko varies between manufacturers, and the preparation of both the drum body and skin can take several years depending on the method.
