The Kings of Big Spring is a work of art chronicling a bygone era in Texas. Mealer ' s family history woven in with the history of oil discovery in Texas results in a fabulous book that reads like fiction. Propped up by and relying heavily on religion and fortitude, his family withstands more hard times than any one family deserves.

The Kings of Big Spring: God, Oil, and One Family's Search ...  
Grady Cunningham, Bobby's friend, is one of the newly-minted kings of Big Spring. Loud and flamboyant, with a penchant for floor-length fur coats, Grady pulls Bobby and his young wife into his glamorous orbit. While drilling wells for Grady's oil company, they fly around on private jets and embrace the honky-tonk high life of Texas oilmen.

"The Kings of Big Spring tears like a flaming roller-coaster through four generations of a Texas family that's lived it all, from hardscrabble farms and tarpaper shacks to the crazy-making highs of oil booms and big money, with gobs of love, lust, heartache, and Jesus along the way. Bryan Mealer has given us a brilliant, and brilliantly entertaining, portrayal of family, and a bursting-at-the-seams chunk of America in the bargain."

The Kings of Big Spring: God, Oil, and One Family's Search ...  
God, like Texas oil, was a constant threat or promise; church was as all encompassing—and sometimes oppressive—as family. The Mealer men were wannabe kings, hoping to claim the throne that an oil boom promised—or to at least own their own land. The Kings of Big Spring is a family tree that offers no shade for its errant members. Violent, luckless husbands; unfaithful, hapless wives; and abandoned, wayward children are plentiful here.

"Think of it as a Texas version of Hillbilly Elegy." — Bryan Burrough, New York Times bestselling author of THE BIG RICH and BARBARIANS AT THE GATE "Bryan Mealer has given us a brilliant, and brilliantly entertaining, portrayal of family, and a bursting-at-the-seams chunk of America in the bargain. " — Ben Fountain, bestselling author of Billy Lynn's Long Halftime Walk A saga of family, fortune, faith in Texas, where blood is bond and oil is king... In 1892, Bryan Mealer ' s great-grandfather leaves the Georgia mountains and heads west into Texas, looking for wealth and adventure in the raw and open country. But his luck soon runs out. Beset by drought, the family loses their farm just as the dead pastures around them give way to one of the biggest oil booms in American history. They eventually settle in the small town of Big Spring, where fast fortunes are being made from its own reserves of oil. For the next two generations, the Mealers live on the margins of poverty, laboring in the cotton fields and on the drilling rigs that sprout along the flatland, weathering dust and wind, booms and busts, and tragedies that scatter them like tumbleweed. After embracing Pentecostalism during the Great Depression, they rely heavily on their faith to steel them against hardship and despair. But for young Bobby Mealer, the author ' s father, religion is only an agent for rebellion. In the winter of 1981, when the author is seven years old, Bobby receives a call from an old friend with a simple question, "How'd you like to be a millionaire?" Twenty-six, and with a wife and three kids, Bobby had left his hometown to seek a life removed from the blowing dust and oil fields, and to find spiritual peace. But now Big Spring ' s streets are flooded again with roughnecks, money, and sin. Boom chasers pour in from the busted factory towns in the north. Drilling rigs rise like timber along the pastures, and poor men become millionaires overnight. Grady Cunningham, Bobby's friend, is one of the newly-minted kings of Big Spring. Loud and flamboyant, with a penchant for floor-length fur coats, Grady pulls Bobby and his young wife into his glamorous orbit. While drilling wells for Grady's oil company, they fly around on private jets and embrace the honky-tonk high life of Texas oilmen. But beneath the Rolaxes and Rolls Royce cars is a reality as dark as the crude itself. As Bobby soon discovers, his return to Big Spring is a backslider ' s journey into a spiritual wilderness, and one that could cost him his life. A masterwork of memoir and narrative history, The Kings of Big Spring is an indelible portrait of fortune and ruin as big as Texas itself. And in telling the story of four generations of his family, Mealer also tells the story of America came to be.

Buzz Books 2021 presents passionate readers with an insider ' s look at the buzziest books due out this spring season. Such major bestselling authors as Cynthia D ' Aprix Sweeney, Jean Hanff Korelitz, Lisa Scottoline, and Tia Williams are featured, along with literary gems Leila Slimani and Viet Thanh Nguyen, a Pulitzer Prize-winner. Other sure-to-be popular titles are by Julie Murphy, of Dumplin ' fame, with her first adult novel; Marie Benedict ' s book about J.P Morgan ' s personal librarian; and Flynn Berry ' s thriller about two sisters and the IRA. Buzz Books has had a particularly stellar track record with highlighting the most talented, exciting debut authors, and this edition is no exception. Amanda Dennis, Honor é e Fanonne Jeffers, Carolyn Ferrell, Gabriela Garcia, are among the literary standouts, while Emma Stonex ' s The Lamplighters, inspired by a true story, has already been optioned for film. Our nonfiction selections include two World War II stories, one by Boys in the Boat author Daniel James Brown and a second by Mari K. Elder. Jennifer Gunter, M.D. of The Vagina Bible renown, returns with her Menopause Manifesto. Kat Chow, Erin French, and Danielle Henderson have written three very different memoirs, about a Chinese-American family, a restaurateur, and an unconventional Black childhood, respectively. Finally, we present early looks at new work from up-and-coming young adult authors: Safia Elhillo (Home Is Not A Country), Graci Kim (The Last Fallen Star), and Alexandria Weis (Have You Seen Me?). Be sure to look out for Buzz Books 2021: Fall/Winter, coming in May.

Traces the intertwined stories of an orphaned quarterback, a celebrated football coach and an aspiring medical student whose prospects were collectively shaped by the formidable challenges, shameful history and football enthusiasm of their hometown in the Florida Everglades. 30,000 first printing.

In the tradition of Ian Frazier's Great Plains, and as vivid as the work of Cormac McCarthy, an intoxicating, singularly illuminating history of the Texas borderlands from their settlement through seven generations of Roger D. Hodge's ranching family. What brought the author's family to Texas? What is it about Texas that for centuries has exerted a powerful allure for adventurers and scoundrels, dreamers and desperate souls, outlaws and outliers? In search of answers, Hodge travels across his home state--which he loves and hates in shifting measure--tracing the wanderings of his ancestors into forgotten histories along vanished roads. Here is an unsentimental, keenly insightful attempt to grapple with all that makes Texas so magical, punishing, and polarizing. Here is a spellbindingly evocative portrait of the borderlands--with its brutal history of colonization, conquest, and genocide; where stories of death and drugs and desperation play out daily. And here is a contemplation of what it means that the ranching industry that has sustained families like Hodge's for almost two centuries is quickly fading away, taking with it a part of our larger, deep-rooted cultural inheritance. A wholly original fusion of memoir and history--as piercing as it is elegiac--Texas Blood is a triumph.

Recounts how Texas oil transformed wealth and power in America through the stories of the state's four most influential oil families, tracing how they rose from modest backgrounds, shaped the government, and bankrolled the rise of modern conservatism.

In All Things Must Fight to Live, Bryan Mealer takes readers on a harrowing two-thousand mile journey through Congo, where gun-toting militia still rape and kill with impunity. Amidst burnt-out battlefields where armies still wrestle for control, into the dark corners of the forests, and along the high savanna, where thousands have been slaughtered and quickly forgotten, Mealer searches for signs that Africa's most troubled state will soon rise from ruin. At once illuminating and startling, All Things Must Fight to Live is a searing portrait of an emerging country facing unimaginable upheaval and almost impossible odds, as well as an unflinching look at the darkness that continues to exist in the hearts of men. It is non-fiction at its finest--powerful, moving, necessary.

Originally published in 1966 under the pen name Tom Pendleton, The Iron Orchard garnered a cult following for its authentic representation of the people and business of the Texas and American Southwest oil fields. Now available again in a new edition, The Iron Orchard tells the story of a young Texan, Jim McNeely, who is desperate to make a name for himself in the oil fields of Texas. Told from the inside by a man who knew the oil fields intimately, it is a vibrant, brutal story of the men who labored, sweated, lusted, and gambled their money and spirits to pump oil out of the earth. It is the adventure of violent men among other violent men. And it is the story of perseverance and love in the midst of one of America ' s most dramatic industries. The Iron Orchard is magnificent and memorable reading.The Iron Orchard was a cowinner of the 1967 Texas Institute of Letters Jesse H. Jones Award for Best Work of Fiction along with Larry McMurtry ' s The Last Picture Show. The Iron Orchard film premiered at the 2018 Dallas International Film Festival.

This text explores the natural history of Texas and more than 2900 springs in 183 Texas counties. It also includes an in-depth discussion of the general characteristics of springs - their physical and prehistoric settings, their historical significance, and their associated flora and fauna.

A winsome calf provides the backdrop—literally—for this charming story. With each turn of the page, the young animal is imaginatively transformed to reflect some activity of the four seasons: snow melting, seedlings springing up, harvest, all the way to the snow melting again and revealing that—the calf has grown. The story line follows the cycle of the seasons from one spring to the next, and its spare, fluid text—wedded to the vigorous graphics—vividly conveys the underlying themes of renewal and growth. The colors are joyful and fresh, and the artist's playful approach to perspective makes this a lovely picture book.
