Creating and managing campaigns One of the first things you do in Unica Campaign is to create a marketing campaign to identify your objective. Each campaign is defined by its business objective, initiative, and effective date range.

Managing flowcharts

Note: If the Schedule process in your flowchart tells the flowchart to run before a previous run is complete, Unica Campaign holds the request until the previous run is finished. Only one run can be held in this manner. In certain cases, this might mean that the flowchart does not run as many times as you expect.
